

Dear Parents,

Thank you for your consideration in allowing your youth to join Go International on a mission trip. As an organization, we are aware that you, as a parent, may have many questions that are in need of answers. It is our goal to provide the answers to all of your questions, many of which can be found here on our website; however, please feel free to contact our offices in order to speak directly with a staff member. We believe that as a parent you play a vital role in the success your youth has on the mission field. The more you know about the trip your youth is preparing to embark on, the more equipped you will be in order to prepare them for all that God has for them. We are excited to work together with you to provide an amazing missions experience for your young person!

Grace + Peace,
Go International

“I totally trust Go International’s leadership. After sending my daughter on three trips, I know that Go International provides safety, quality food and lodging, as well as effective ministry. I am confident they will take care of my children.”

FIVE STAR STANDARD

The GO International Five Star Standard was created with the understanding of the responsibility that comes with coordinating international trips for young people. The following are 5 standards that we adhere to on all overseas trips:

FOOD AND WATER: The leading cause of sickness while traveling abroad is the consumption of food or water that is not properly prepared. GO International provides meals that have only been prepared in accordance to proper health standards. Each day the team will have access to unlimited amounts of bottled water.

LODGING: When available, GO International holds to a 3 star minimum for hotels that are used while abroad. This ensures that our young people receive ample rest, with the assurance of 24-hour staff security, working fire alarms, and a safe living environment.

SAFETY: When making any decision, safety is our first priority. Youth are required to be in “approved groups” which include at least one leader at all times. The Leadership Team oversees both traveling and group ministry.

QUALITY MINISTRY: We recognize that every young person has worked hard and believed God for the finances to effectively minister on the trip. Team members will be trained and equipped with effective ministry tools for reaching the lost.

SUSTAINED IMPACT: It is our goal that every young person who comes on a trip with GO International will be changed forever. We believe that they will go home with a sense of purpose and direction, and maintain a heart to reach the lost with the Gospel.

Go Groups are comprised of both male and female team members. The primary responsibility of a Go Leader is to ensure the safety of the members in their Go Group. Go Groups are to be together at all times when outside the confines of the hotel.

Room leader
